Due to the current situation some adjustments and changes are necessary and we would like to ask you to read the following documents and the information below carefully:

[Covid Guidelines - Red Group](#)

Accreditation

All teams and staff have to use the FIS online registration system. On site one person of each team will pick up the personal accreditations for each team member at the race office in the stadion. They have to be carried on person all the time. Accreditation will only be possible to pick-up after the negative Covid-19 test (not older than 72 hours) of each team member is uploaded on the new FIS Passport system.

The tests have to be uploaded 10 hours before accreditation .

Opening hours Race Office:

WED 14:00 - 18:00
 THU 08:00 - 18:00
 FRI 08:00 - 18:00
 SAT 08:00 - 18:00
 SUN 08:00 - 16:00

The accreditation office is located in the race office in the stadion. Only 1 person per team is allowed to pick up the accreditations for the whole team.

Contact Tracing

In order to ensure contact tracing, all entries into a zone (stadion, training track) or into a room (athlete tent) are registered by the OC. For this we use the app Mindful.

Please download the app to your cell phone in advance. The entry and exit of a zone can then be registered via QR code. Without registration no access is possible.

Regulations of radio equipment / radio frequencies

Since 2013 the legislator has restricted the usable frequency range for certain wireless devices multiple times and exempted from the license-obligation. This increases the risk of interference between wireless devices at large events. In order to guarantee the same level of production reliability in the future and enable everyone to enjoy interference-free operation, SRF will coordinate the frequencies on behalf of the event organiser at Davos Nordic 2020.

For the above-mentioned reasons, all users must register their wireless devices in advance via webtool FreqCoord. Wireless devices may not be used if they have not been registered.

Mandatory registration

- From 8 - 13 December 2020
- In the following areas: The racetrack, finish area and everywhere you need access authorisation (accreditation) from the event organiser.

The following devices must be registered:

- Wireless microphones
- In-ear monitor systems
- Wireless intercoms
- Walkie talkies (PMR)*
- Telemetry systems*
